## 600/1000A LARGE SPLIT CORE CURRENT TRANSFORMERS

| KEY SPECIFICATIONS |  |  |  |  |
|--------------------|--|--|--|--|
| Window Size        | 2.0" (5.1 cm)  |  |  |  |
| Current Range      | 600A Model: 30 - 780A AC<br>1000A Model: 20 - 1300A AC |  |  |  |
| Output             | 333 mV at rated current                                |  |  |  |
| Ratio Error        | <1% at rated current (typical)                         |  |  |  |
| Phase Error        | <2° at rated current (typical)                         |  |  |  |

| Output          | 333 mV at rated current                               |
|-----------------|---|
| Wire Polarity   | White = Hi, positive (+)<br>Black = Low, negative (-) |
| Frequency Range | 50 to 400 Hz  |

| MECHANICAL            |                                     |
|-----------------------|-------------------------------------|
| Case Material         | Epoxy encapsulated housing          |
| Leads                 | 2.7 M (8'), twisted pair, 20<br>AWG |
| Operating Temperature | -20° to 55°C (-4° to 131°F)         |

| SAFETY              |     |          |                       |  |  |  |
|---------------------|-----|----------|-----------------------|--|--|--|
| Working Voltage     |     |          | 600 VAC, Category III |  |  |  |
| Dielectric Strength |     |          | 5000 VAC around case  |  |  |  |
|                     |     | $\sim$   | 600V rated leads      |  |  |  |
| Certification       | CE  | (c1)     | Conforms to:          |  |  |  |
|                     | • • | - Us     | UL STD 61010-1        |  |  |  |
|                     |     | Intertek | EN 60044-1            |  |  |  |
|                     |     | 3101607  | Certified to:         |  |  |  |
|                     |     |          | CAN/CSA STD C22.2     |  |  |  |
|                     |     |          | No. 61010-1           |  |  |  |
